Why Pythian?

- An award-winning team with over 12 years experience migrating organizations to Google Workspace.

- A range of cloud solutions and custom cloud development to help your business work smarter with Google.

- A strategic approach toward change in our client organizations, with on-time, on-budget delivery of successful projects.

- Tailored help to guide you through managing your change, ensuring adoption and leveraging Google Workplace Capabilities through Prosci- and Google-certified change managers.

- Guidance for leaders, executive sponsors and HR throughout planning and deployment.

- Personalized education and training with customized training classes, and train-the-trainer to give you the knowledge to optimize your adoption of Google Workspace tools.

- Quick, effective response time for support questions and follow-up with Google on escalated issues (24x7 response for Critical Impact/P1-level incidents).

- Accelerated and streamlined onboarding to ensure long-term success.

- Managed administration and check-ins to make sure you're doing it right.

- Proactive anticipation of Google Workspace roadmap updates to guarantee your organization's readiness.
